According to a Final Rule published in the Federal Register on September 21, 2004, the U.S. Patent and Trademark Office has eliminated the requirement under 37 C.F.R. 1.98 for submitting a copy of each cited U.S. patent and U.S. patent application publication for all U.S. patent applications. Accordingly, copies of the U.S. patent application publication and U.S. patent listed on the attached Form PTO/SB/08 are not enclosed.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the claimed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
